BOND REDEMPTION.

What Has Been Done By the Treasury Department.

CONFIDENCE IN UNCLE SAM.

The People Are Perfectly Willing to Use the Government as a Bank of Deposits Whenever They Can Do So. Other Washington Information.

WASHINGTON, Sept. 9.—Every assertion made by the alarmists concerning the ability of the government to redeem the four-and-a-half per cent. bonds and maintain its credit has been disproven by recent developments. A few days ago Secretary Foster arranged to redeem \$27,000,000 of the four-and-a-halfs which had not been extended, and gave directions to pay them off in exchange prepared at the various sub-treasuries.

Tuesday it was found that only \$9,000,000 of the \$27,000,000 had been presented, leaving \$18,000,000 yet in the hands of the owners and drawing no interest. This creates surprise at the treasury department but demonstrates the complete confidence of the people in the United States government, and shows that they are willing to use the government as a bank of deposits whenever they can do so. In all the redemptions of the past month the gold reserve has only been reduced \$3,000,000.

Important in Commercial Affairs.

WASHINGTON, Sept. 9.—The United States minister at Peking, in a dispatch to the secretary of state, reports that Blenheim passage in Pearl river, about twelve miles below Canton, has been opened to ships drawing eight feet of water. It is the south or deep water channel to Canton, and was closed in 1894 against the protest of the diplomatic body and the consuls in China. The state department says the opening of the channel is an important event in all commercial affairs.

Labor Importers Arrested.

WASHINGTON, Sept. 9.—The treasury department is informed of the arrest in Chicago of inspectors Stinch and Fleming, of A. P. T. Elder & H. L. Barber, composing the Elder Publishing company, of that city. They were engaged in the wholesale importation of laborers from Canada. The arrests are regarded as very important. The matter has been referred to the United States district attorney at Chicago for prosecution.

Our Pork Goes to Denmark.

WASHINGTON, Sept. 9.—The secretary of state yesterday received a telegram from the United States minister at Copenhagen, saying that the minister of the interior had issued an order removing the restrictions on the importation of American pork, and that hereafter all our pork bearing proper certificates of inspection will be admitted into Denmark.

AN \$18,000,000 TRUST.

Will There Be a Gigantic Combine of Type-Founders?

CHICAGO, Sept. 9.—A morning paper Tuesday said:

A deal will be completed within the next twenty-four hours in all probability whereby a trust will be formed representing \$18,000,000 in original securities. It is to be a type-founders' trust, backed by an English syndicate. All the type foundries of any consequence in America are in the deal with the exception of Barnhart Brothers & Spindler, of this city, and perhaps two concerns in New York. The smaller concerns, it is said, will be squeezed out of existence.

In all the great centers the number of foundries will be reduced to the minimum. New York will probably have three; Chicago, Philadelphia and Boston, two each; Baltimore, Cincinnati and St. Louis, one each, while the concerns in Kansas City, Cleveland, St. Paul and Buffalo will be closed down entirely.

Stabbed with a Pocketknife.

SYRACUSE, N. Y., Sept. 9.—Andrew Altling, a German farmer living five miles north of Clyde, was fatally stabbed by Charles Shading, a neighbor, last night. Shading had harnessed his horse to go to a Democratic caucus at Lyons. A son of Altling sat in the buggy while Shading was harnessing the horse. Shading, when he got ready to start, ordered Altling out. Hot words followed. As Shading was passing the Altling house later, Altling was calling his dog. Shading, on account of troubles he had with the Altling boys, supposed he was being addressed. Words followed and they were soon engaged in a fist fight. Then Shading did the stabbing with a single-blade pocketknife. Altling cannot live.

Horse Thief Captured.

ANDERSON, Ind., Sept. 9.—Late Monday night a fellow giving his name as W. Reed, of Muncie, was captured near this city with a stolen horse and buggy in his possession. Reed and a companion each took a horse and started to leave town, but the marshal followed and Reed was captured. The other escaped by taking to the bushes.

Witness Afraid of His Life.

DETROIT, Sept. 9.—The police stated yesterday that Frank Parrish, who is on his way here from St. Louis to testify in the Perrien abduction case, is perfectly willing to testify, but for fear of being murdered he did not dare to remain in Detroit after it became known to the Consulates that he would appear against them.

Sanitarium Destroyed by Fire.

VALPARAISO, Ind., Sept. 9.—The Valparaíso sanitarium was destroyed by fire about 2 o'clock yesterday morning, entailing a loss of \$7,000. The insurance is small. The origin is unknown, but it is believed to have been the work of incendiaries. The building was in process of construction.

IMPROVED ORDER OF RED MEN.

Forty-Fifth Annual Council in Session at Cleveland, O.

CLEVELAND, Sept. 9.—The forty-fifth annual council of Improved Order of Red Men began in this city yesterday. Great chiefs and other representatives to the number of 125 are present. The sessions, which are expected to continue until Friday, are being held in the banquet hall of the Hollenden hotel.

Besides the Red Men present there are a large number of ladies who belong to an auxiliary organization known as the Order of Pocahontas.

Mayor Rose welcomed the Red Men to Cleveland in a formal address, and presented to them the freedom of the city. Past Great Inchoonee Charles H. Litchman, of Boston, responded in a happy way and the business of the council began.

There are to be two sessions daily, the first lasting from 9 to 12, and the second from 2 to 5 o'clock.

Among the prominent Red Men present are Great Inchoonee Thomas K. Donnelly, of Pennsylvania; Great Senior Sagamore Thomas E. Peckenpaugh, of Ohio; Great Junior Sagamore A. H. Paton, of Massachusetts, and Great Prophet Thomas J. Francis, of New Jersey. Georgia, Alabama, California, Rhode Island, New Hampshire, Maryland, Illinois, Connecticut, Michigan, Kansas, Minnesota, Missouri, South Carolina, Florida, Nevada, Louisiana, Virginia, Tennessee and Iowa, are represented by chieftains in the council.

In the afternoon the visitors were taken to various points of interest in the city.

ATE POISONED FOOD.

Nine People at the Point of Death Near Belleville, Kansas.

KANSAS CITY, Sept. 9.—A special to The Times from Belleville, Kan., says: Nine people of this place are at the point of death as the result of having partaken of poisoned food served at dinner at the house of George Gregg. Last Sunday Mr. and Mrs. Gregg, their four children, a visiting relative and Ira Johnson, a neighbor sat down to dinner. Soon after dinner they all became violently ill, exhibiting all the symptoms of poisoning. Shortly afterward the servant, who had in the meantime eaten dinner also became ill, showing the same symptoms.

Since then all have grown steadily worse, and the recovery of none of the victims is expected. What the nature of the poison was and how it was administered, are questions that remain to be answered. Mr. Gregg and his family are highly respected in the community, and it is probable the poisoning was accidental. There are those, however, who believe it was deliberately planned with criminal intent, but nothing has developed to sustain their suspicions.

HURRICANE DAMAGES.

Effects of a Storm Along the Nova Scotia Coast.

HALIFAX, Sept. 9.—Further damage by last night's hurricane is reported. The Halifax half of the Intercolonial railway bridge across Halifax harbor, connecting with Dartmouth, was blown down and is now floating in the harbor. It was a quarter of a mile in length and was built ten years ago, at a cost of \$100,000.

The West India steamer Alpha broke from her dock and badly damaged the schooner Carrie A. The schooner Annie Simpson was driven ashore, the schooner J. W. Crossley, with \$2,000 worth of livestock aboard, was sunk at her wharf, and the schooners Salvador and Fannie were stranded on the Dartmouth side of the coast, but the telegraph states that the wharves at Pictou landing were washed away.

People's Party in Massachusetts.

BOSTON, Sept. 9.—As the result of a meeting held in Boston yesterday the People's party has nominated the following state ticket: For governor, Dr. Henry Winn, of Malden; for lieutenant governor, William J. Shields, of Boston; for secretary of state, Joseph D. Cadia, of Westfield; for treasurer and receiver, General Thomas A. Watson, of Braintree; for auditor, William C. Wakefield, of Lynn; for auditor, Israel W. Andrews, of Danvers.

Burglars Reap a Rich Harvest.

CRAWFORDSVILLE, Ind., Sept. 9.—The house of Mrs. Nellie Wynn, on East Main street, was burglarized by professionals Monday night. A quantity of money and jewelry belonging to Mrs. Wynn was taken, and her guest, Mr. Davis, of New York, was robbed of \$100 in cash, \$850 in certified checks and a fine gold watch. There is no clew to the thieves.

One Dead, Another Dying.

MARENGO, Ind., Sept. 9.—Thomas Snyder, who was shot last week by Henry Enlow, at Doolittle's mill, died last evening. His brother's death, who was shot by the same party, is hourly expected. Enlow is under arrest. He broke his leg shortly after the shooting, thus disabling him. William Enlow, concerned in the same affair, is still at large.

Train Wrecked by a Horse.

PINE BLUFF, Ark., Sept. 9.—The regular passenger of the Cotton Belt was wrecked last evening at 5 o'clock in running over a horse at England. Engineer Lynch was fatally scalded and died at 10 o'clock. Fireman Kaskett had two ribs broken and was seriously injured internally.

Death of a Retired Merchant.

WILMINGTON, Del., Sept. 9.—Charles Warner, aged seventy-five years, a retired merchant, for many years the head of the coal and transportation firm which still bears his name, died here yesterday evening.

First Raisins of the Season.

FRESNO, Cal., Sept. 9.—The first car load of raisins was shipped from here, Monday for New York.

MEXICAN AFFAIRS.

Senor Romero to Be Recalled From Washington.

OFFERED A CABINET POSITION.

He Will Be Made Minister of Finance to Fill the Vacancy Caused By the Death of Minister Dublan—No Revolutionary Feeling Existing.

SAN FRANCISCO, Sept. 9.—Mr. Jacobs, a Mexican capitalist, who is interested with President Diaz in some mining ventures in the city. To a United Press reporter he stated that it was not at all unlikely that President Diaz would recall Senor Romero, the Mexican minister at Washington, for the purpose of tendering him the portfolio of minister of finance to fill the vacancy caused by the death of Manuel Dublan.

Mr. Jacobs further stated that upon the death of Minister Dublan a deficiency of \$100,000 was discovered in his accounts, and that President Diaz has brought suit against his estate for the purpose of recovering the money. The suit is still pending. Because of this discovery, Mr. Jacobs said, President Diaz was determined to appoint only honest men to positions of trust, and he believed that other changes would be made.

No Revolutionary Feeling in Mexico.

CITY OF MEXICO, Sept. 9.—The sensational news recently published concerning a forthcoming revolution in this country is not only utterly false, but idiotic, and reflects small credit on the editors of the papers that originated the foolish reports. Mexico is no more likely under ordinary existing circumstances to be plunged into a revolution than the United States.

STEAMER IN A STORM.

Severe Experience of a Vessel Between Halifax and Bermuda.

HALIFAX, N. S., Sept. 9.—Bermuda advices of Sept. 2 give the following particulars of the steamer Duart Castle's experience in a hurricane during her passage from Halifax to Bermuda, where she arrived Sept. 1.

The storm began about midnight on Aug. 28 and continued until 7 o'clock the next morning, and was one of the most severe she ever experienced. At 6:30 a. m., Aug. 29, in latitude 40° 6' north, longitude 63° 18' west, while a heavy sea was running, a sea boarded the ship and washed overboard two seamen named Bexton and Noseworthy. Captain Harrison was standing near them and would also have been washed overboard, but he got entangled in the ship's rail and he grasped one of the stays of the smokestack. As it was he was badly bruised and had to seek medical assistance on his arrival in Bermuda. During the storm the sea boarded the steamer on all sides, carrying away about fifty feet of rail and tearing up and twisting the iron stanchions that supported the rail.

LEGAL JUSTICE OUTWITTED.

The Alleged Patent Fence Swindler Escapes from Prosecution.

MUNCIE, Ind., Sept. 9.—David Bernard, the alleged patent fence swindler who had been arrested at the instance of a number of Delaware county farmers, whom he had worsted out of \$144 each, has escaped prosecution. His victims consented to dismiss the prosecution provided he would return the notes.

Meanwhile Prosecutor Leffler prepared warrants for Bernard's arrest on several charges of conspiracy to defraud. The service was held in abeyance awaiting the return of the notes. Bernard in the interim, patrolled the streets in charge of an officer. Yesterday the notes, unexpectedly to the prosecutor, were turned over the original parties, whereupon Mr. Bernard as suddenly disappeared.

BARON HIRSCH FUND.

Not One Dollar Used to Pauperize Labor, So Mr. Seligman Says.

NEW YORK, Sept. 9.—Jesse Seligman, one of the trustees of the Baron Hirsch fund, was asked yesterday in regard to the truth of the reports that the Hirsch fund was being used to bring to this country pauper immigrants, and that organized labor unions, composed largely of Hebrews, were being endangered by the importation of cheap labor.

Mr. Seligman said: "Not one dollar of the Baron Hirsch fund has been used to pauperize labor or to bring over penniless immigrants. It is largely used to educate the children and to forward deserving Hebrews to various parts of the country. The money is used here for the assistance of those who have already arrived."

Killed His Grandchild.

MARENGO, Ind., Sept. 9.—William Knight, near West Fork, while nursing his sick grandchild played with a revolver, showing its clicking process to the little one. One chamber of the weapon proved to be loaded, and it was discharged, the bullet entering the child's side and passing clear through the body. The little one lived but three hours. Mr. Knight did not know that the revolver was loaded.

Partners Could Not Agree.

CINCINNATI, Sept. 9.—The National Publishing company, located at 26 East Fifth street, assigned to Samuel Woodward. The assets are \$5,000 or \$6,000 and the liabilities \$3,500. There are no preferences. The cause of the assignment is inability to meet obligations in consequence of disagreement between the partners.

Select Knights of America.

MADISON, Wis., Sept. 9.—The annual convocation of the Select Knights of America opened here yesterday, delegates being present from all the branches of the order throughout the country.

IRISH NATIONAL LEAGUE.

Beginning of a War Which Threatens to Disrupt the National Body.

NEW YORK, Sept. 9.—The municipal council of the Irish National league, of this city last night formally protested against the action of President Fitzgerald, of the Irish National league, in issuing a call for a convention at Chicago on Oct. 1 and 2. This is the beginning of a war which threatens to disrupt the national body in this country. It was decided at the last annual session to hold the next annual session in Philadelphia on July 9 and 10. Later the executive officers changed the place of meeting to Baltimore, and now President Fitzgerald, under date of Lincoln, Neb., Aug. 25, calls for a convention in Chicago.

Last night's speakers denounced this call as a direct violation of the constitution, not only in that President Fitzgerald had unlawfully changed the place for holding the convention, but also that the basis of representation was entirely illegal. It was ridiculous to peddle out delegates' credentials at so much a head and a rank injustice to the members who have contributed their dollars for so many years. Chicago was, anyhow, the last place on earth where an Irishman ought to go.

Some of the speakers said it was a scheme to pack the convention for Fitzgerald (Alexander Sullivan) in order that the latter might control the American funds for Parnell or McCarty, as he chose. It was a scheme, at any rate, to throw down the east for the west in the face of the fact that three-fourths of the money for Ireland comes from the east. Philadelphia had properly refused to have anything to do with the convention.

The following resolution was unanimously adopted:

RESOLVED, That the proceedings of the convention of the Irish National league held in Dublin, July 30, under the presidency of Charles Stewart Parnell, member of parliament, fully commend the approval of this body, and we hereby reaffirm the loyalty of the municipal council of the Irish National League of New York to the principles of self-government for Ireland which that convention pledged itself to sustain.

MEXICAN TARIFF.

The New Rate Made Public but Not Officially.

CITY OF MEXICO, Sept. 9.—The new Mexican tariff has finally made its appearance in The Diario Oficial, but has not yet been published in book form. One of the most notable features of the new law is its great definiteness. There has been a large number of classes of merchandise added to the increased list. The free list retains agricultural implements, wires, machinery, explosives, iron pipe and sheet iron.

Precious stones are taxed from \$3 to \$5 per carat; raw cotton cloth, grain and carriages are unchanged; threads, underwear, woolen carpets, cloths, clothing, gloves and fringes are slightly reduced; firearms are somewhat increased. The tax on the following articles have been reduced: Sulphuric and muriatic acids, to three cents; liquors in wood, from forty to thirty cents; wine, twelve to ten cents; beer, to eight cents; common paper, ten to eight cents; brown wrapping paper, to eight cents; envelopes, forty-five to twenty-five cents; Bristol board, to twenty-five cents; pasteboard, to twenty-five cents; wallpaper, to twenty cents; preserved fruits, fixed oil not specified, fifty to twenty cents; lubricating oils, to five cents; unfinished furniture, fifteen to eight cents; tools, ten to five cents; steel ingots, five to three cents; angle iron, to three cents; phosphorus, seventy-five to fifty cents.

The tax on the following articles have been increased: Matches, from \$1.25 to \$1.50; playing cards, to \$1.50; printed monograms, tickets, etc., to \$1; preserved fruits, fifty to seventy-five cents; Virginia leaf tobacco, eighteen to twenty-five cents; crude petroleum, one to two cents; finished furniture, ten to twenty cents; jewelry, according to class, fifty to seventy-five cents; rubber cloth and clothing, eighty cents to \$2; bar iron, five to ten cents; manufactures of iron not otherwise specified, twenty to twenty-five. In many cases legal weight is substituted for gross weight, that is the goods do not have to pay duty on the box or barrels containing them.

A Count Kills His Wife and Suicides.

TOPEKA, Kan., Sept. 9.—Gustave Berger, a German, and his wife, Johanna, quarreled at breakfast yesterday morning over money matters. After threatening to kill her Berger seized his revolver and shot her in the back, instantly killing her. He then turned the pistol upon himself and blew out his brains. Berger was a German count and forty-six years of age. His wife was twenty-six and remarkably pretty. Berger had frequently exhibited letters to his friends which proved him to be a count. It is known that he received remittances of money and was expecting a large inheritance. He was a man of ungovernable temper.

Bullard Recaptured.

COLUMBUS, Ind., Sept. 9.—William Bullard, the Hope desperado, who escaped from the hospital department of the county jail here Monday night, was overtaken Tuesday morning upon the highway in a weak and half dead condition, by a farmer, who hauled him to the county jail, and he was locked up in a cell.

Only Postponed.

NEW YORK, Sept. 9.—William M. Ivins, counsel for George A. Burt, when the dispatch from Washington regarding the order of the president in the case of the United States vs. the steamer Itata was shown him, said he had just received a telegram saying that the case had simply been postponed for ten days.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, SEPTEMBER 9, 1891.

The big cotton manufacturers of Massachusetts have cut the wages of their employees 10 per cent. Who said the McKinley tariff doesn't benefit the wage-earners?

The Covington Commonwealth believes with the BULLETIN that parachute victims are too numerous, and that the dangerous business of parachute drops should be discouraged.

DELEGATE GEORGE WASHINGTON, of Newport, has succeeded in his laudable move to have that city placed in the second class under the new Constitution. This knocks out the ward politicians.

The Newport Journal thinks "with Grover Cleveland President of the United States and George Washington Governor of Kentucky, the Star Eyed Goddess might in safety wrap round her the drapery of her couch, and lie down, not to pleasant dreams alone, but to facts accomplished."

JENKINS of the Cincinnati Post remarks that "Republican journals seem to incline to the opinion that the large crops have been raised by the tariff, which raises everything," and then it pertinently inquires: "Is it the tariff, also, that is trying to raise a rumpus in Europe, in order to insure a market for the crops?"

An interesting and very prominent feature in the big parade at Portsmouth on Labor day was the display made by her shoe manufacturers. The three or four factories were all represented and about twelve hundred employees—men, women and children—were in line.

A few years ago Portsmouth didn't have any shoe factories, but now this is one of her largest and most prosperous industries. In the past year, Drew, Selby & Co. have built a magnificent new factory and paid out \$150,000 for labor alone. This is the year's record of only one of the firms.

An enterprise of that character would give new life to Maysville, and we mention it in hopes that some of our men of means may turn their attention to this line of business.

MAJOR SWANGO has qualified as Register of the Land Office, and the flurry caused by the discovery that he failed to execute bond in the time prescribed by the statutes has subsided. Attorney General Hendrick's opinion was that the failure to execute the bond within thirty days did not work a forfeiture of the office; that the law was directory and not mandatory. He quoted a number of decisions in other States to this effect. Where a man is overwhelmingly elected to an office as Mr. Swango was and then fails to comply with some section of the law in qualifying, the courts of course always construe the law as strongly as possible in favor of the officer elected, and this fact has helped get Mr. Swango out of his quandary. Under a literal construction of the statutes in this case he not only forfeited the office, but rendered himself ineligible thereto for two years.

Hurrah for Decca!

Mlle. Decca is perhaps the most patriotic of the great American sopranos. She carries with her an American flag, and declares with pride that she and the stars and stripes are never separated. Colonel Mapleson, the veteran manager, tells a good story apropos of this eccentricity of the songstress, while starting through England with Her Majesty's opera company. When leaving Dublin, in the haste of an early departure Mlle. Decca discovered that her American flag had been left behind in its accustomed place, forming a canopy over her bed. She was to make her debut that night in Belfast in "La Sonnambula," and the gallant Colonel's persuasive powers went for naught, until he agreed to bring the missing stars and stripes to Belfast before the curtain went up.

Turf Topics.

Nancy Hanks has beaten the world's record of 2:12 in two heats in 2:12.

J. H. L., a Bourbon County pacer, is coming to the front. At Kansas City last week he won a purse of \$800, and took a record of 2:17.

The photographic process was used at Independence, Ia., last week in the 2:30 pacing event, the second heat of which was so close between Direct and Mascot that only the photograph revealed the fact that the former was ahead by a nose. Direct won in three straight heats—2:15, 2:17, 2:13.

Dr. J. T. Strode has a very promising colt out of his fine mare Medallion. The colt is by Mansfield, but by Messenger Duroc out of Green Mountain Maid, the most famous brood mare known. A Minister's Opinion.

Mr. Jacob Connor, a German Baptist minister at Royer's Ford, Montgomery County, Pa., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, colic and cramp in the stomach. I have never used any medicine with better or more satisfactory results. I consider it one of the best ever used in our family. For sale by Power & Reynolds."

Railroad News.

Another big excursion train passed West over the C. & O. yesterday afternoon.

The number of passengers killed on British railways in 1890 in proportion to the number of journeys was one in 45,430,224.

The C. & O. makes the usual good showing. For the month of August the earnings were:

1891.....\$27,216 11
1890.....728,941 12
Increase.....\$ 99,724 99

Stop It.

If the managers of the opera house expect the patronage of the public they must see to it that the noise and confusion caused by the almost constant running up and down the steps leading to the balcony and gallery is stopped. The steps are uncarpeted and the noise caused by the constant tramping up and down is simply unbearable to those who wish to hear what is being said on the stage. A hint to the wise should be sufficient.

A SUFFERER.

In the Superior Court, the case of Thompson versus the Commonwealth from this county and Adams versus Halbert from Lewis have been passed until the second Wednesday in October for briefs.

Rev. J. W. Loving writes from Independence, Mo., that he has had a delightful visit. He will return in time to occupy his pulpit at Lewisburg Baptist Church next Sunday.

Gratifying to All.

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Company.

A TOBACCO manufacturer writes as fol-
lows: "The tobacco and cigar business
is getting down to a point where a man-
ufacturer is forced to advertise if he
wishes to push his trade; and, if you
will take notice, there is comparatively a
small amount of money spent in the
two lines mentioned, and those who do
spend it judiciously will no doubt be in
the lead."—Printer's Ink.

THE Constitutional convention Revis-
ory Committee completed its work last
evening and the convention will consider
to-day the changes recommended. These
are principally in verbiage, although some
are of substance. An amendment to
make the office of Railroad Commissioner
elective went through the committee.
Mr. Clay, who offered it, amended it so
as to apply only after the terms of Gov-
ernor Brown's appointees expire.

THE city of Maysville will be within
twenty days the best known city in Amer-
ica. The recent fuel gas invention will

together. Frank Owens Hardware Com-
pany have just received, clean and fresh,

all of which they will sell very low.

THE Lexington Transcript says: "Miss
Lilly Sauer, of Paris, who is visiting Mrs.
Batterton, on East High street, opened a
wardrobe in the wall, as she supposed,
Sunday, to hang up some clothing, when
she fell through the dumb waiter to the
story below, receiving serious injuries.
The young lady's mother was telegraphed
for, but was unable to come. She is con-
sidered badly hurt."

Miss Sauer is a sister of Mrs. J. B. Orr,
of this city, and her friends here will re-
gret to learn of her misfortune.

SPEAKING of the Labor day parade, the
Portsmouth Blade says: "The first genu-
ine commotion of the day was caused by
the splendid Maysville band marching
down Second street to the music of one
of their inspiring marches. This organi-
zation is one of the oldest and best in the
State of Kentucky, and the enterprising
Committee on Music brought them to the
city at considerable expense. The band oc-
cupied the east end of the grand stand at
the fair grounds and rendered fine music
during the afternoon and was constantly
surrounded by a large crowd, and added
greatly to the success of the occasion."

AN excellent painting in oil of Dr.
Strode's fine mare, Medallion, and her
colt is on exhibition in the window at
Kackley & McDougle's. Medallion was
sired by Kentucky Prince, and the colt
was sired by Mansfield, he by Messenger
Duroc, out of Green Mountain Maid, one
of the greatest brood mares this country
has ever produced. It will be seen that
the colt is finely bred, and a very prom-
ising youngster. The painting was done by
Mr. Robert Moore, of Clark County. A
smaller painting of the colt is also on ex-
hibition. This is the work of Mr. Hall
Strode, and it is the first he ever painted.
He displays remarkable fine talent for
such a young artist.

Death of Mrs. S. B. Oldham.

Mrs. Ella Pickett Oldham, wife of Mr.
S. B. Oldham, passed away last even-
ing between six and seven o'clock. Men-
tion was made Monday of her critical ill-
ness. She had been a great sufferer
from disease of the heart for a year or so.

Deceased was a daughter of Mr. and
Mrs. W. T. McDaniel, and was thirty
years of age on the 31st day of last March.
Her husband survives her and she leaves
four small children. It was her last re-
quest that her remains be kept four days
after her death, and the funeral will,
therefore, not take place until next Sat-
urday morning. The services will be
conducted at the family residence on
Grant street by Rev. W. J. E. Cox, pastor
of the Baptist Church.

Decca's Latest Innovation.

Mlle. Decca is about to introduce
to the American people a new and
unique entertainment which she is
pleased to term a "Song Recital." This
will bring the "Kentucky nightingale"
before the public in a new role, for she
will not only sing the great arias, but
also Italian cavatinas, French chan-
sonnettes, English ballads and Scotch
songs. In other words, she will be "sole
supreme monarch" of the evening's pro-
gram, and be the leading star as well as
her own best support. The entertain-
ment will be a liberal musical education,
for it will give the audience an idea of
the leading songs of the greatest com-
posers of all nations.

Recalling the Past.

Last Sunday afternoon at the corner
of Front and Market streets an ex-Federal
and an ex-Confederate soldier were
in conversation. Said the ex-Federal:

"We licked you fellows and can do it
again."

"You ought to," replied the ex-Con-
federate, "you had eight men to our one.
But we killed more of your men than we
had on our side, and what we didn't kill
we must have crippled, for every blasted
one of you are drawing a pension."

The ex-Federal soldier is a pensioner
himself.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

MINER'S MAXIMS!

IT IS JUST AS WELL to Keep Your Weath-
er Eye Open, Even Though There be
no Indication of a Storm.

It is all very well to talk of
suspicion haunting the guilty
mind, but guiltless minds often
have a good many reasons for
harboring it. You can leave
your suspicions at home when
you deal with MINER—if you
happen to have any.

WHY?

Because he will treat you just
as he would like to be treated if
he happened to be a purchaser
instead of a seller of Shoes. You
can bank on that proposition
every time.

He isn't a novice in the Shoe
business and flourishes of trum-
pets are not in his line. He
believes in honest Shoes, honest
methods and honest representa-
tions. He doesn't give his Shoes
false certificates of character.

Just as surely as he knows
what they are, so surely will you
know what they are before they
pass into your possession as pur-
chasers. Other things may dis-
appoint you, but Miner's Shoes
will not.
